

Ulula

Our friends at MOGLI have a fun and simple animal craft project for little hands to make! Since we all love books and there is plenty of time to read or read to our little ones, MOGLI thought making a bookmark was just the thing

What you need: sheet of paper (about 15cm square) • scissors • coloured pencils

Instructions

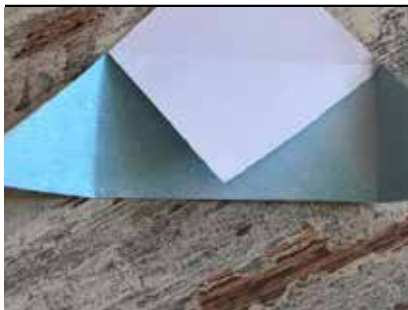

Step 1: fold a square sheet of paper diagonally in the middle

Step 2: bend the top tip down

Step 3: fold the right corner of the triangle to the middle

Step 4: the same now with the left corner

Step 5: now fold the right corner up to the tip

Step 6: the same with the left side again

Step 7: fold down and tuck the front tabs into the back

Step 8: now cut out and stick on the ears, trunk and tusks and draw on the eyes and you have finished!

You can create many more bookmark designs, such as your favourite animal, pet or how about a carrot?!

MOGLI

Have fun making :)
